

## Description of China Stamp Collection within Scott International Album - Lot JS-8

**Lot JS-8** is the China, Republic of China (Taiwan) and People's Republic of China section within a Scott International 4 inch 2-post album. Years 1885 through 1989 are represented. Reviewer estimates the first three pages of this China section to have an approximate 2018 Scott catalogue retail value of \$300.00. Individual items have not been checked for varieties.

Beginning with 1968 all spaces filled with mostly Mint Never Hinged stamps, strips, complete sets and souvenir sheets through 1989. High Scott catalogue values. Note that stamps were issued, for the most part, without gum beginning in 1960 (refer to Scott catalogue). Reviewer estimates collections retail value based on Scott 2018 catalogue in the thousands of dollars. Easily worth the minimum starting bid of \$500.00.
